January 21st, 2024

FOR IMMEDIATE RELEASE

UPDATE ON SIGNAL HILL GOVERNMENT PRIMARY SCHOOL CLOSURE

The Division of Education, Research and Technology (DERTech), hereby updates the public on the closure of Signal Hill Government Primary School.

DERTech, in collaboration with the Public Health Department of the Division of Health, Wellness, and Social Protection, is still diligently addressing health and safety issues. As a result, the school will remain closed until further notice.

To minimise disruption in the preparation for the upcoming Secondary Entrance Assessment Exam (S.E.A), standard five students will be temporarily housed at the Tobago Information Technology Ltd. (TITL) effective Monday, 22 January, 2024. This measure ensures that their educational progress remains on track during this period. Parents and guardians of standard five students are encouraged to contact the school's principal for further details. During the period of school closure, all remaining students will participate in a combination of asynchronous learning and educational packages being sent to the infant classes.

DERTech assures the public that all necessary measures are being taken to address the school's current challenges and updates on its reopening will be communicated as this information becomes available.
